DALY CITY, SAN MATEO COUNTY, CALIFORNIA, Published Thursday THURSDAY, APRIL 9, 1942 VOLUME 38, NUMBER 9

Elementary-- My Dear Watson!

Would you like to help Uncle Sam win the war? It takes no super-sleuth to ferret out the answer to that one. So—here's what you do. You join San Mateo county's "Salvage for Victory" drive. Right now this campaign is concentrating on tin cans.

A COUPLE OF FUTURE BULLETS

With the nation's principal source of tin cut off with the Japanese capture of the Dutch East Indies, residents were asked by Theodore O. Lilienthal, chairman of the county salvage committee, to collect and clean their tin cans and take them to service stations, which will act as depositories.

In addition to the tin, valuable steel is obtained from the cans for use in the manufacture of planes, tanks, battleships, guns, shells and bullets, the committee pointed out.

The committee disclosed that the Metal and Thermit corporation in South San Francisco is the only plant in Northern California which is equipped to commence operations immediately on the detinning of cans.

Profit from the sale of the cans will be donated to the San Mateo county blood bank and other defense organizations.

There are five important rules for the preparation of the cans which the housewife can follow:

1. Set aside your tin cans.
2. Remove both the top and bottom of the can.
3. Remove the paper wrapper.
4. Wash the inside of the can and top and bottom with hot water.
5. Flatten the can by stepping on it.

What happens now? When you've collected quite a few cans, place them in a container and take them to any gasoline service station in your neighborhood for eventual collection.

Pioneer Resident Hit By Car, Killed

E. R. Blaylock, 563 Evergreen avenue, a resident of Daly City for the past 27 years, succumbed at Villa hospital, early Saturday afternoon, from injuries received two hours earlier when he was struck by an automobile while crossing Mission street.

The accident occurred near the intersection of Evergreen avenue and Mission street. The automobile, driven by Edward George Briseno, 312 Miriam street, was travelling North on Mission street when it struck Blaylock.

Briseno told local police that he did not see the victim until after he struck him. Police Chief James G. Reardon, investigating the accident, stated that the man was evidentally struck head-on and knocked over the hood of the machine. He was rushed to the Villa hospital by the Daly City Ambulance. He suffered a fractured skull, a compound fracture

Fahey, Cavagnaro Endorse Three Men

On being interviewed by a representative of The Record, Mayor John J. Fahey and Councilman Edmund Cavagnaro expressed a definite concern in the current political campaign. In the interest of continued good government for Daly City, and this city's doing its part in the war effort, Mayor Fahey and Councilman Cavagnaro expressed their sincere hope that the people of Daly City return Councilmen Paul G. Selmi and Julius Twesten to office next Tuesday, and elect Remi Sanders to fill the vacancy left by Councilman Henry Sundermann sr., who has declined to run.

Following is the complete text of a letter received from Mayor

Company 2 firehouse, one of the newly constructed firehouses in Daly City, is pictured above, with one of the new fire trucks which was recently purchased. Located at Santa Barbara and Parkview avenues, the building is completely modern in design and structure. The other firehouse, which is identical in size and style, is located at the corner of Roosevelt and Peoria streets. Looking over the new equipment are Councilman Julius Twesten, Mayor John J. Fahey sr., Fire Chief Andrew P. Chesney, Councilman Edmund Cavagnaro, and P. J. Kelly, city building inspector. Pictured in the truck is Gus Ford, member of the Daly City Fire department.

Announce Completion of Two New Firehouses for Daly City; Construction Climaxes Dept.'s $40,000 Modernization Plan

Climaxing the Daly City Fire department's $40,000 modernization program is the completion, this week, of two spanking new firehouses designed in the latest architectural style and built to house four pieces of fire-fighting apparatus. Announcement of the major improvement was made by P. J. Kelly, city building inspector.

Kelly described the new building at the corner of Roosevelt and Peoria as being entirely finished, while there are but a few minor details to be taken care of on the other firehouse, located at Santa Barbara and Parkview avenue, before official notice of completion is filed.

On the interior, the firehouses are finished with plaster, and white California stucco on the outside. Concrete driveways run into the street. Each building consists of an apparatus room to house two fire trucks, a large meeting room and a kitchen.

The outstanding feature in the apparatus room is the latest type of overhead doors, which are so designed that they can be opened with speed and ease.

Behind the apparatus room is the fully equipped kitchen with cabinet space, a late model range, and a tile sink and drainboard. Also behind the apparatus room on the opposite side is a tile

They Need Money First, Then Blood

"It isn't blood we need now for the San Mateo County Blood Bank," Arthur Quirmbach, local chairman, declared, Tuesday. "A fund to set up the equipment to store this blood is the need at present."

With the drive to obtain $1500 in Daly City for the Blood Bank winding up tomorrow, Quirmbach said that there was still time to make a donation. He urged every resident who has not been contacted by a collector for the drive, to deposit their donations in one of the tin cans in which the Blood Bank funds are collected. The tin cans are placed at a number of places in the city.

A total of $370 has been turned in to the Daly City Water department, headquarters for the local drive, but Quirmbach signified the possibility of a considerable amount not yet having been turned in by the collectors.

Following the drive, the Blood Bank committee will begin preparations for obtaining and storing one thousand pints of blood plasma under refrigeration to be used in case of a major disaster in San Mateo county or neighboring counties. The plasma will be used in blood transfusions, and the Blood Bank is being sponsored by a number of organizations in the county with the endorsement of the County Medical society.

State Humane Society Studies Poisonings

The problem of poisoned dogs, which reached increased proportions here, a few weeks ago, has been turned over to the State Humane Society by the local police department. Since the dangerous practice is a threat to the lives of neighborhood children as well as to pets, every effort is being made to find the offender.

Alfred Girolo, officer for the Humane Society, is carrying out an investigation in this community, having interviewed ten local residents whose dogs were poisoned.

Police Chief James G. Reardon revealed that there have been no

Unincorporated Colma Oversubscribes Quota

Doubling their quota of collections for the San Mateo County Blood Bank in the Colma unincorporated area, the Colma A. W. V. S., who sponsored the campaign, collected $175.50 from over 150 contributors, it was announced, Saturday, by Mrs. Margaret Pauline Brown, district captain.

Noteworthy in the collection record was the fact that no part of the amount collected was in a large bulk sum, but showed much interest and effort on the part of both collectors and contributors.

Jefferson elementary school and the Colma Bank of America cooperated with the collection

We've A War To Win -- And We'll Win It!

(EDITORIAL)

We've a war to win, and we'll win it! What is more America must win the peace that is to follow.

This is the issue that overshadows all thought and action in this great country today, including Daly City's municipal election, April 14. America must win the war and the peace. We shall maintain our principles—democratic freedom of speech, worship, and enterprise.

It is in this spirit that The Record has participated in the current political campaign. We have invited all candidates to use the news columns of this paper to freely express themselves. We have encouraged civic interest in the election. We have stood for fair play and good sportsmanship.

These things having been accomplished it now is the traditional responsibility of your newspaper to make forthright election recommendations. To those who wish guidance in the April 14 municipal election, The Record recommends Paul G. Selmi and Julius Twesten, incumbents; and Remi Sanders, for the offices of city councilmen.

It goes without saying that Selmi and Twesten have and are doing a good job of purely local affairs. Their part in acquiring the new city hall, modernizing the fire department, enlarging the library, improving recreational facilities, keeping the tax rate down and executing hundreds of other responsibilities that go to make up good government bear witness that these men are "on the job."

Remi Sanders is chairman of the Jefferson Union High School board of trustees. Jefferson has one of the finest physical plants of any high school in the state. Its educational curriculum is excellent. Sanders' experience on the high school board fits him well for city councilman.

True, there has been some criticism of local affairs—some of it well founded, some not. But the accomplishments of these men far outweigh their errors. Their policies are clear-cut, strong and right.

Of far greater importance than any local issues is the war. With complete absence of hysteria Selmi, Twesten and Sanders have systematically, quietly and with determined effort put their offices in order to meet the impact of this emergency. With this kind of leadership we'll win the war on the home front and abroad!

Vote for Selmi, Twesten and Sanders. Even more important than this, we highly recommend, whether you agree with us or not, exercise your American heritage—go to the polls and vote next Tuesday.

DRAFT

Local Board To Send Fifty-Five

Daly City Draft Board No. 103 will set a new record for their contribution to Uncle Sam's manpower when 55 men in the board area, who will wind up their affairs as civilians this week, are inducted into the army, Monday.

The largest group, so far, to be inducted, the future soldiers will report at the draft board headquarters at the city hall here at 6:45 a. m., Monday morning. From the city hall they will go to the San Francisco Armory, induction station in the Ninth Corps Area.

Selected as leader of the induction group was Joachim Dietrich Vollbrecht, instructor at Jefferson Union high school. He will be assisted by two selectees from South San Francisco, Gerald Thomas Quinlan and Milton Ernest Enderlin.

Of the selectees, seventeen reside in Daly City and Colma. Following is the list of Daly City selectees: Joachim Dietrich Vollbrecht, 372 San Diego avenue; Gerald Landy, 163 Knowles avenue; John Joseph Bettencourt, 298 Templeton avenue; Walter Lewis Ryan, 1037 Brunswick street; Melvin J. Demonstrate Work Of Control Center

Two tryouts of the Civilian Defense Council's new control center were demonstrated, last week, when the council held drills, Wednesday and Thursday.

The defense council previewed the control center to senior air raid wardens, demolition squad leaders, first aid leaders, and the heads of all other sectors in the local defense organization. The drill was also attended by a number of San Mateo Civilian Defense Council members. The drill on the previous night was a private tryout.

Commenting on the two tryouts, Civilian Defense Chairman Arthur J. Bodien declared that the private drill on Wednesday was carried out more efficiently than was the drill on the following night, probably because of the crowd of people on hand to observe the proceedings. He added that the control center would not be hampered by such a crowd in case of a real disaster.

It is expected that the defense council will make plans at tonight's meeting for regular rehearsals of the control center.

The entire Civilian Defense Council was on hand for the demonstration at their respective stations at the control table with the exception of R. L. Crane jr., first aid chief, who was engaged in explaining the function of the control center during the demonstration. Sitting in Crane's place at the table was John Matzek.

Chairman Bodien was stationed at one end of the table, and May-

Financed by funds from the fire department improvement bonds which were voted for the modernization program, construction for the project was done by the Harrison and Dohrman company. NOW PLAYING AT DALY CITY THEATRE

M-G-M brings an exciting new romantic team to the screen in Robert Taylor and Lana Turner, co-starring for the first time in "Johnny Eager," current attraction at the Daly City theatre. It's a story of a beauty from the upperworld who loved a man of the underworld who was almost 100 per cent bad! A strong supporting cast features Edward Arnold, Van Heflin, Robert Sterling, Patricia Dane, Glenda Farrell, Henry O'Neill and Diana Lewis, under the direction of Mervyn Leroy.

Jeff Indians To Meet Warriors

In the opening P. A. L. baseball game of the season, Jefferson high's Indians will journey to South San Francisco tomorrow afternoon to cross bats with their arch rivals, the South San Francisco Warriors.

Hampered by a small squad of but ten varsity players, Coach Albert "B. I." Biggs has been grooming his team for the contest, and presents a formidable array of baseballers despite his small squad.

Jimmy McKinnon, southpaw hurler for the Jeffs, is slated to draw the mound chores for tomorrow's game with the heavy-hitting South City club. Holding down the position behind the plate, Manuel Huerta is the other member of the Jefferson battery.

In the infield Coach Biggs plans to use Bill Freeman at first base, Charley Razzari at second base, Jack Rainey at third base, and Walt Cavagnaro at shortstop. The outfield will consist of Bob Dyer in left field, Nava in right field, and either Earl Petersen or Allan Rigler at the center field spot.

or John J. Fahey sr. at the other end. Other positions at the table were occupied by Andrew P. Chesney, fire chief; James G. Reardon, police chief; Fred Collins, ambulance dispatcher; and P. J. Kelly, demolition chief. Operating the control board were Edmund Cavagnaro and Howard McHugh.

In addition to the defense council, a group of volunteers were used as telephone operators and messengers. The following volunteers served for these jobs: Mrs. Adeline Canapa, Miss Ruth Morris, Miss Virginia Speers, Dina D'Elia, Miss Bernice Longstreet, Miss Lorraine Heim, and Melvin Dykman.

Arthur H. Quirmbach, chief air raid warden, at a position in the back of the council room, made up a problem for the group to work out, using examples of imaginary bombings in Daly City and describing the type of bomb used, the number of casualties, and the utility and property damages. From this point the control board worked on the "bombings."

Two S. F. Teams To Meet Here Sunday

Baseball action at Marchbank field will continue, Sunday, at 2:30 p. m. when the Veneto Restaurant will meet the Bear Photo team.

Sponsored by the Daly City WPA Recreation department, the game was booked by Al Erle, baseball booker for the San Francisco Recreation department.

Mrs. Marie Burton, director of the local Recreation department, also stated that a Sacramento team will come to Marchbank field on Sunday, April 19, for an exhibition game with an opponent not yet named.

Jeff Sees Action On Cinder Paths

There will be plenty of action on the cinder paths at Jefferson high school athletic field this week as Coach Milt Axt, new football and track mentor, enters his track charges in a dual meet this afternoon with Mission high school and in a triangular meet tomorrow afternoon with Balboa and Lincoln high schools. Starting time for both meets is 3 p. m.

Presenting a formidable array of track and field athletes, Jefferson has won two triangular meets so far this season with victories over Lincoln and Washington in one meet and Lowell and South San Francisco in another meet. Sprint man for the Jeffs is Oscar McGrath, a fast stepping runner who should be able to garner a few firsts this season.

Another Jeff Indian who has turned in some good performances is Jack Faulk, a shotputter, who, in the first meet of the season, broke the school record in that event set in 1939 by Mauro Ghidella. Coach Axt also expects to pile up points in other events by other athletes such as Stan Lance in the hurdles and high jump; Seiler and Peters in the 440 and 880 yard runs; Whitely in the mile; and Parker in the broad jump and pole vault.

"Life With Father" Opens At Geary

"Life With Father," New York's most delightful stage comedy in many years, came to the Geary theatre for a short engagement, beginning Monday night. It is giving performances every night except Sunday and matinees on Wednesdays and Saturdays.

"Life With Father" depicts the comic domestic adventures of a real American family, namely, the Clarence Shepard Days, during the era of bustles and bicycles, gas-light and plush furniture, in New York city. Father is the boss of his brood of four red-haired boys and a red-haired wife to the extent that modern fathers would believe impossible. He roars and bellows and blusters, gives orders, frightens servants, doctors and relatives and makes life a commotion from morning to night. Mother, despite her carrot-top, is demure, quiet and yielding,—but in the end always gets her way, to Father's vociferous annoyance and astonishment.

An entirely "clean comedy," "Life With Father" is nevertheless extremely lively and exciting; and it is embued with pathos. The critics is New York, Chicago, Boston, Baltimore, Detroit, Philadelphia, St. Louis, Seattle and Portland, literally raved about it.

"Life With Father" was written by Howard Lindsay and Russel Crouse, who based the play on the short stories that Clarence Day jr. wrote about his own family. These first appeared in The New Yorker Magazine.

Mrs. Clarence Day, the widow of the author, is the technical director of the stage version of "Life With Father." She has given the characters many authentic touches in their manners, speech, deportment and appearance.

The stars of "Life With Father" are Percy Waram and Margalo Gillmore, who are both outstanding in the New York theatre. They are supported by such able Broadway players as Richard Simon, Patricia Riordan, Virgilia Chew, Bernard Carson, Jack Irwin, Donald Hastings, Clara Joel, Margaret Randall, George LeSoir, Aubrey Hynes, Nellie Burt, Carroll Ashburn, Paul Martin and Jean Martin.

(Continued from Page 1)

Fahey and Councilman Cavagnaro expressing their stand:

TO THE PEOPLE OF DALY CITY—the undersigned city councilmen, who are not candidates at the coming election, have had the pleasure of serving you for a great many years. During that time, in spite of the problems created by unemployment and the depression, our city has constantly forged ahead. There have been no substantial city tax increases to burden the homes and businesses of our people. Nevertheless we have succeeded in greatly increasing our population, in completing Marchbank Park, (second to no municipal park of its size in the country), in erecting a new City Hall and a modern library plant and building, in improving our recreation system, modernizing our already excellent fire department, extending our improved street and water system, including the present project of a modern highway outlet for the city onto Junipero Serra Boulevard at Hillcrest drive.

Mayor John Fahey

Last, but by no means least, we have placed our city in the forefront in development of civilian defense organization and equipment, considering this of primary importance as a definite contribution, not only to our own safety, but to the defense of the country and the successful conduct of the war.

(The rest of this letter will be published in tomorrow's Shopper, as well as a letter by Councilman Henry Sundermann sr., endorsing Selmi, Twesten, and Sanders)

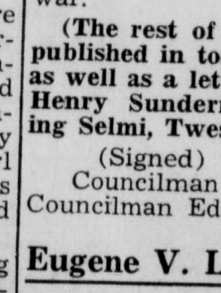
Eugene V. Lynch

To Daly City voters:

For the past several weeks I have been engaged in the local political campaign for city councilman. It has been my happy privilege to meet hundreds of Daly City voters and to explain my qualifications and objectives in this campaign. With those who I have not had the opportunity of meeting personally I should like to leave this message:

I have been a resident and taxpayer in Daly City for the past twelve years. I am forty years of age and a native of Caliofrnia.

As founder and owner of Lynch Brothers Drayage Company in San Francisco, which has enjoyed continued success for the past twenty years I am certain that my qualifications as a business manager will enable me to assist in the management of our city government in an economical and efficient manner.



Eugene Lynch

Since establishing my home in Daly City I have been active in social and civic affairs, and through these activities I have acquired a complete understanding of the tax problems and many other civic problems which confront everyone residing in our community. It is my sincere wish to be given the opportunity to serve the people of Daly City. It is therefore, with this thought in mind that I earnestly solicit your co-operation at the polls Tuesday, April 14th. If I am elected I pledge myself to administer the duties of my office to the best of my ability, being ever mindful to act in the best interest of the people of Daly City.

Sincerely,
(Signed) Eugene V. Lynch

WHAT THE CANDIDATES ARE SAYING

The Daly City Record, this week presents the fourth of a series of articles written by the candidates themselves. The Record, believing in an open-door policy, has invited all candidates to participate in this program without charge.

C. J. Pettigrew

Dear Fellow Citizen:

It is impossible for me to call personally on all voters, so it compels me to use this method of acquainting my fellow citizens with my qualifications for the office of Councilman.

A brief history of my life may favor me with ONE of your votes for Councilman on next Tuesday, April 14th. I was born in Chicago in 1894, and at the age of seven started to sell newspapers; while never neglecting my education, this business sold for $11,000 in 1907 when we moved to Daly City.

Pettigrew

In 1907, at the age of thirteen, I assumed my stepbrother's contract for the purchase of land, and one year later assumed my parent's obligation as well. My present property was built on these sites.

Due to financial conditions, I was forced to leave Sacred Heart College after three years and secure employment with the Nolan Drayage and Warehouse Company; and later as shipping clerk with P. Greenberg Woolen Company. In 1911, while in the employ of the latter firm I received an inheritance from the estate of my grandmother.

On receiving this inheritance, my education was resumed with the law firm of Rotchild, Rosenheim, Schooler, Miller and HIR-

(Continued on Page 7)

H. H. Smith Jr.

Dear Friends:

As the campaign for election of city councilmen draws to a close, I want to express my deep appreciation for the kindly way in which you have received my candidacy for this office. Your generous response and support have been encouraging and inspirational, especially in view of the fact that this is the first time I have ever been a candidate for public office.

Hugh Smith

It is not my intention, nor will I make you a lot of glowing promises expressed in high sounding terms, about what miracles I will wrought if elected to city council. I was born and reared in Daly City, and my ability and sincerity is perhaps as well known to most of you as it is to me. I am deeply interested in my native city, and because of my many associations here I am naturally concerned as to the city's future, because that future and my own are definitely intermingled.

As your city councilman I will give you the very best I can. Your interests are my interests, and I see no reason why these interests cannot be protected in public life with the same efficiency and consideration we would extend them in private life. It has allways been a source of mystery to me why public business need be conducted without the efficiency and enterprise we put into private business. I would be even more concerned over the conduct of other people's affairs, than I might be about my own, because of the public trust reposed in me as your representative.

You may be assured that I am free to assume this office without any entanglements whatsoever. I will make my own decisions by and with whatever help and co-operation you care to extend me, but, believe me, I shall always attempt to ascertain your views before arriving at any decision which has to do with your welfare.

In this campaign I have as running mates two men, whom I believe are as deeply concerned about the progress and welfare of our city as I am. You know them well, and I believe you will agree with me that A. J. Gaggero and Eugene V. Lynch will make trustworthy, able and loyal representatives on your city board. It is our plan to work in unity and harmony with other members

Julius Twesten

To the Voters of Daly City:

It has been said that cities don't just grow, but men build them. It has taken a great deal of thought and sincere interest on the part of officials, civic leaders, and citizens to bring Daly City to its present state of advancement, whereby we now enjoy among other facilities, wide police protection, complete and modern fire protection, low water rates, a fine up-to-date library, free garbage collection, good streets, a modern and humane pound, and defense and disaster preparedness comparing favorably with that of our neighboring communities.

Julius Twesten

For the past twelve years, I have served to the very best of my ability on the Board of Councilmen, to which goes, I believe, much of the credit for Daly City's progress. My experience as a citizen and a business man in Daly City for twenty-one years have enabled me to apply reliable, practical judgment to many of the problems which have come up during my terms, and I have striven to lend honest cooperation to all worthy enterprises.

If re-elected as a member of the Board of Councilmen, I can assure you that I will take my responsibilities just as seriously as I have during the past, ever mindful that you as citizens and tax-payers will look for ever more efficient, experienced, and progressive government in these days of stress and in the uncertain days to come.

Sincerely,
(Signed) Julius Twesten

A. J. Gaggero

To the voters of Daly City:

Uppermost in your mind when you go to the poles next Tuesday should be the thought that your city business should be conducted with the same care and consideration as your own private business.

It is on this basis that I am asking your support in my election to the office of city councilman. If I am elected I shall use my experience and sincere effort to conduct our city business in a straightforward and efficient manner.

A. J. Gaggero

To those who are not acquainted with me, I should like to outline my following qualifications:

I was born on a farm in Colma and was reared in this district, attended local schools and later had two years of business training in a San Francisco Business School, am married, have two children, and my home is at 6 Cavour street.

I am a charter member of Company No. 6 of the Daly City Fire department, having served in the capacity of captain and fire commissioner, am a member and past president of the Veteran Fireman's association of Daly City, member of the Lion's Club, Colma Vista Grande Aerie Order of Eagles and other organizations.

I have always had a keen interest in the betterment and future development of our city, having been identified with every constructive movement for its welfare and have some very definite ideas to bring more cooperation and harmony in the various city departments so that the public's interest will be better served.

I respectfully ask that my qualifications and experience to carry on the business of your City be given your earnest consideration before you vote on April 14.

Respectfully,
(Signed) A. J. Gaggero

J. F. Millett Jr.

To Daly City Voters:

When a candidate seeks your support at the polls he must have a good reason for his request. I feel that I have just such a good reason because I can serve you without obligation to any groups, with fairness and consideration for all. I have been an independent candidate, and if elected I shall be an independent councilman.

J. F. Millett, Jr.

I can promise you a business-like administration. I feel confident that I can fulfill the duties necessary for efficient city management. With the cooperation of the people of Daly City I feel that, if elected, we could do much to help Daly City grow.

My platform is this:

1. Positively independent candidate.
2. No obligations to any individuals or groups.
3. Fairness and consideration for all.
4. Efficient and economical municipal government.
5. Expansion and further development of Daly City.

(Signed) J. F. Millett, Jr.

Remi Sanders

To my fellow citizens:

In bringing my campaign to a close, I would like to call your attention again to the important position I am now holding on the High School Board of Education.

Remi Sanders

I deem it a great honor to have been chosen as chairman of the board and to have served in that capacity for the past three years. The following figures will show you the great responsibilities entailed in handling the affairs of this office. Execution of these responsibilities have given me experience which I feel will be extremely valuable in handling affairs of the city, if I am elected.

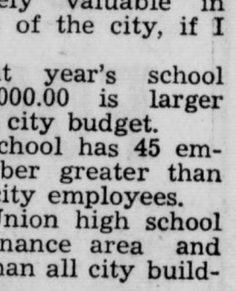
1. The current year's school budget of $190,000.00 is larger than the annual city budget.
2. The high school has 45 employees; a number greater than the total of all city employees.
3. Jefferson Union high school building maintenance area and cost is greater than all city building maintenance.
4. Like the city, the school has its own wells and pumping plant.
5. Every day school transportation facilities carry more than one hundred students to and from their homes.
6. Jefferson Union high school district has jurisdiction over a geographical area that is approximately ten times the geographical area of the city.

(Signed) Remi Sanders

Paul G. Selmi

To Daly City Voters:

In making an intelligent decision at the polls next Tuesday, Daly City voters will mark their ballots only after carefully studying the qualifications of all candidates. Qualifications of the candidates vary in generalities and are wide apart in specific instances.



Paul G. Selmi

In soliciting your vote, I should like to state some of my qualifications which are broad generally and very definite in many specific instances. As councilman and mayor over a period of nine years, I participated in the following city improvements:

1. Construction of a new city hall.
2. Enlargement and modernization of the library.
3. Purchase and development of a playground site in the Crocker tract district.
4. Development of the park in Vista Grande district.
5. Extension of the water and fire alarm systems in the southern section of Daly City.
6. Inauguration of an annual

GLAZED HAM-BEAN ROLLS

—simple to make —wonderful to eat

Dorothy Greig

BOTH the ham and the pork and beans in these tasty roll-ups are high energy foods. Therefore, this is a dish to satisfy clamorous appetites. Of course, both foods are old

time favorites but when combined like this they will doubly tickle eager palates with their zesty flavor.

Glazed Ham and Bean Rolls

8 slices of ham (cut thin)
1½ teaspoons prepared mustard
1 can (16 oz.) pork and beans

Sauce for Glazing:
3 tablespoons dark brown sugar
3 tablespoons water

Spread the thin slices of ham with the prepared mustard. Empty the pork and beans into a bowl and mash slightly—so that beans will hold together when rolled in the ham. Put 1 spoonful of pork and beans on each slice of ham and roll. Put into a baking pan, this just fills a pan nine inches square. Baste with brown sugar syrup just before putting into the oven and baste once or twice while baking. Bake in a moderate oven (375°F.) for 25-30 minutes.

Springtime Prices For Comedy Hit

Homer Curran is offering the greatest entertainment buy in the history of the Curran theatre, San Francisco. The New York comedy riot, "My Sister Eileen," has slashed its prices almost in half for a limited return engagement, which began Monday, April 6.

Throughout its New York engagement of more than a year and its road tour of approximately the same length of time, "My Sister Eileen" has never been played at less than a $2.75 top.

The new top price evenings is only $1.50 for the best seats, with the balance of the theatre at 50 cents and $1.

"My Sister Eileen," based on the "New Yorker" magazine stories by Ruth McKenney, concerns the humorous adventures of two sisters, Ruth and Eileen Sherwood, who come to New York from their home in Ohio, in search of careers. Ruth, the brainy one, wants to be an author, while Eileen, the beautiful, seeks fame in the theatre. They pay a month's rent—in advance—on a basement studio in the Greenwich Village art colony. There is one huge dormer window just above the sidewalk level through which all the gaudy and boisterous life of Greenwich Village can be seen. Under the direction of the noted playwright, George S. Kaufman, the events are screamingly funny.

The cast and production is the same, with Guy Robertson, Marcy Westcott, Effie Afton, and Phillip Loeb heading a cast of thirty.

Allen N. Goodall, Mare Island and **Virginia K. Goodpasture**, Daly City, applied for a marriage license in San Francisco, last week.

Mrs. Frances Robinson left yesterday for her home in Neenah, Wisconsin. She has been the house guest of her daughter and son-in-law, **Mr. and Mrs. Edward Trier**, 158 Woodrow street.

RE-ELECT

A PROVEN PROGRESSIVE

PAUL G. SELMI

(Incumbent)

CITY COUNCILMAN

OF DALY CITY

Others Gave You Promises - I Gave You Action

Below are listed some of Daly City's recent improvements in which I have participated:

1. **Construction of a new city hall.**
2. **Enlargement and modernization of the library.**
3. **Purchase and development of a playground site in the Crocker tract district.**
4. **Development of the park in Vista Grande district.**
5. **Extension of the water and fire alarm systems in the southern section of Daly City.**
6. **Inauguration of an annual clean-up week.**
7. **Modernization of the pumping plant of the Water department.**
8. **Encouraging and promoting community social and patriotic programs through the Daly City Recreation department.**

(Paid Political Advertising)

TO THE VOTERS OF DALY CITY:

In closing my campaign for re-election as City Councilman may I again say that I will strive to serve you in the future as I have in the past? We have gone through difficult times together since I first took office in 1929. In spite of this our city's record of progress and stability during that time, through the critical years of the Depression, right down to the present day, encourages my greatest confidence in your continued and valued support.

You are keenly aware, I know, of the serious and dangerous situation confronting our city and the nation today. Problems of great magnitude present themselves, but we need not fear them. They call simply for the same sensible, honest and aggressive solution accorded the difficulties of the past. In meeting them I will not let you down.

This has been an interesting, friendly, but nevertheless curious campaign. There has been much quiet activity, with few outspoken issues. We have all enjoyed the pleasant smiles and hand-shaking, the good natured back-slapping, the heralding of election promises and all of the other accompaniments of a genuine, dyed in the wool municipal election campaign. It has been a clean campaign with good sportsmanship by all candidates. To every one of them for this my thanks and greeting.

But America must do more than merely win elections. Now, as never before, we must face the fact that we and our city government have the task, not merely of taking care of our domestic and municipal affairs, but of bending every individual and governmental energy toward the winning of the war. To this end the Daly City government, as well as the rest of us must contribute—and must do so in effective and practical ways. Mere lip-service will avail us nothing.

We must keep civilian defense in the forefront of our city activities and continue to improve it. We must hold our local tax rates as far as possible within their present limits to make the burden of every individual's tax contribution to the United States Government lighter to carry and to increase the ability of everyone to promptly meet the ever greater national tax demands that must and will come. We must streamline our civic organization to meet the inevitable drain of manpower for war production work and military service. Any other course of action in this hour of national peril is unthinkable.

To these foregoing principles I continue to bind myself. I hope to accomplish them in justice and fairness to all. Unfortunately there are those inevitable few who for one reason or another do not subscribe to these ideas and who covertly oppose them. With them I disagree.

In closing may I again thank you for all the confidence and kindnesses of the past? Win, lose or draw and whatever the result on election day, we must and will go forward together.

Sincerely Yours,

JULIUS TWESTEN

ELECT---

REMI SANDERS

for

City Councilman

OF DALY CITY

Election: April 14, 1942

Remi Sanders is serving his third term as a member of the Jefferson Union high school board of trustees. For the past three years he has been chairman of that board. Below are listed a few of the responsibilities in which he has participated in an executive capacity. These responsibilities and related experence fit Mr. Sanders particularly well to serve as a city councilman.

1. **The current year's school budget of $190,000.00 is larger than the annual city budget.**
2. **The high school has 45 employees; a number greater than the total of all city employees.**
3. **Jefferson Union high school building maintenance area and cost is greater than all city building maintenance.**
4. **Like the city, the school has its own wells and pumping plant.**
5. **Every day school transportation facilities carry more than one hundred students to and from their homes.**
6. **Jefferson Union high school district has jurisdiction over a geographical area that is approximately ten times the geographical area of the city.**

Two Common Spices

The nutmeg tree is the only plant whose seed produces two common spices, nutmeg and mace, the latter being the dried arillode or fibrous covering of the nutmeg kernel.

In the Army

In the army, the cavalry is called a troop. In the air corps the similar organization is a squadron; in the artillery the term is battery. Hospital men are in a corps.
